OIL FILTERS **FILTRES À HUILE** **FILTROS DE ACEITE**

A complete range of cartridge oil filters, OEM equivalent quality.

Une gamme complète de cartouches de filtres à huile équivalents à l'origine.

Un completo rango de cartuchos de filtro, de calidad equivalente a la OEM.

AIR FILTERS **FILTRES À AIR** **FILTROS DE AIRE**

TECNIUM air filter prevent your engine of breathing dust and water by insuring a perfect free-link.

Tout en gardant une perméabilité maximum à l'air, le filtre à air TECNIUM retient tous les corps étrangers durant toute la course.

Los filtros de aire TECNIUM evitan que tu motor respire polvo y agua, gracias su acoplamiento libre y perfecto.

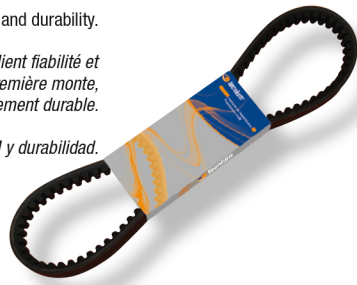

POWER BELTS **COURROIES DE TRANSMISSION** **CORREAS DE TRANSMISIÓN**

High reliability, OEM quality and durability.

Les courroies de transmission Tecnum allient fiabilité et résistance. Ils sont équivalents à une première monte, pour un remplacement durable.

Alta fiabilidad, calidad OEM y durabilidad.

FULL GASKET SET **POCHETTE DE JOINTS** **KIT COMPLETO DE JUNTAS**

Full gasket and top engine set with best value for money.

Pochettes de joints haut-moteur ou pochettes complètes pour reconditionner votre moteur en bénéficiant d'un très bon rapport qualité/prix.

El mejor kit calidad-precio, con todas las juntas para la parte alta del motor.

BATTERIES **BATTERIES** **BATERÍAS**

Maintenance free

MF batteries are sealed batteries which use gas recombination technology, allows for less maintenance, and does not require water refilling. Supplied with an acid pack and must be activated by filling the acid before first use.

Les batteries sans entretien utilisent une technologie de recombinaison de gaz permettant de réduire l'entretien, et ne nécessitant pas de refaire l'appoint d'eau périodiquement. Livrées avec pack acide, ces batteries doivent être activées avant leur première utilisation.

Las MF son baterías selladas a través de la tecnología de recombinación de gas, la cual que permite un menor mantenimiento y elimina la necesidad de rellenarlas con agua. Se entregan con un pack de ácido, con el que se debe rellenar la batería antes de usarla por primera vez.

Factory activated

Factory Activated batteries have all the features of Maintenance Free batteries with the increased power of a radial grid design and additional plates.

Les batteries activées usine présentent toutes les caractéristiques des batteries sans entretien, mais avec encore plus de puissance grâce à leur construction radiale et aux plaques additionnelles.

Estas baterías tienen todas las prestaciones de las baterías MF, pero con mayor potencia gracias a su diseño de cuadrícula radial y a sus placas adicionales.

Conventional

Conventional batteries are delivered with an acid pack and need to be filled before first use.

Les batteries conventionnelles livrées avec pack acide doivent être remplies avant leur première utilisation.

Baterías convencionales, vendidas con un pack de ácido. Antes de usarlas por primera vez, hay que rellenarlas.

TIMING KIT KIT DISTRIBUTION **KIT DE DISTRIBUCIÓN**

The TECNIUM timing chain kit is composed of a timing chain and a valve cover gasket. It is the convenient and affordable solution for the maintenance of your motorcycle.

Le kit distribution TECNIUM est composé d'une chaîne de distribution et d'un joint de couvre-culasse. Il offre une solution rapide et économique pour l'entretien de votre machine.

El kit para cadena de distribución TECNIUM consta de una cadena de distribución y una junta para la tapa de la válvula. La solución más conveniente y asequible para el mantenimiento de tu moto.

TECNIUM Brake pads and calipers

Security is no longer an obstacle with Tecnum!

Designed to meet the specific needs of each discipline, TECNIUM plates and jaws guarantee the perfect balance between effective braking and optimal service life.

When it comes to stopping your motorcycle, TECNIUM has a head start over the competition. For one thing, TECNIUM is a "seasoned performer" with a strength to bring some of the fastest vehicles in the world to a stop.

What sets TECNIUM Motorcycle Brake Pads apart from all the rest is their superior performance under all possible riding conditions. Hot or cold, wet or dry, high speed or low — TECNIUM Brake Pads give the same consistent braking performance stop after stop. Our specially formulated, Asbestos Free and/or Sintered Metallic braking compounds respond excellently to the rider's braking input and return precise feedback for safe accurate stopping power.

In addition, TECNIUM Motorcycle Brake Pads are designed for optimum fade and squeal resistance, providing the strong, silent type of performance that suits just about every style of riding.

No matter what kind of bike you ride or conditions you like to ride in, there is one name you should remember for improved braking performance: TECNIUM. Our Motorcycle Brake Pads are widely available at motorcycle dealerships and performance shops everywhere in Europe. So the next time you need brake pads, buy TECNIUM — for seasoned braking performance. With more technicality, reliability, margins, availability and experience, Tecnum is the best choice for you and your customer. A win / win product.

More benefits, and it's for you!

Plaquettes de frein TECNIUM

La sécurité n'est plus un frein avec Tecnum !

Déclinées pour répondre aux besoins spécifiques de chaque discipline, les plaquettes et mâchoires TECNIUM garantissent l'équilibre parfait entre un freinage efficace et une durée de vie optimale.

Ainsi, en utilisation routière comme en compétition, TECNIUM vous apporte l'avance technologique qui optimise les performances de freinage de votre véhicule.

En assurant la certitude d'un freinage performant en toute situation, les plaquettes TECNIUM marquent leur différence par une efficacité supérieure à la moyenne, et ce quelles que soient les conditions d'utilisation : par temps chaud ou froid, sur revêtement sec ou mouillé, en tout-terrain, sur autoroute, sur parcours sinueux comme en ville.

Kilomètre après kilomètre, les plaquettes TECNIUM offrent des caractéristiques constantes de mordant et de friction progressive. Les composés en métal fritté sans amiante réagissent parfaitement à l'effort de freinage généré par le pilote et assurent une puissance et un touché supérieurs tout en éliminant les effets de "fading (1)" et les bruits parasites.

Disponibles partout en France dans le réseau des professionnels de la moto, concessionnaires, accessoiristes, ateliers de services rapides, les plaquettes TECNIUM sont choisies par les utilisateurs les plus exigeants.

Avec plus de technicité, de fiabilité, de marges, de disponibilité et d'expérience, Tecnum c'est le meilleur choix pour vous et votre client.

Un produit gagnant/gagnant.

Davantage d'avantages, et c'est pour vous !

(1) Augmentation de la garde au levier ou à la pédale de frein due à l'augmentation importante de température de la plaquette et du liquide hydraulique résultant de freinages répétés.

Pastillas y pinzas de freno TECNIUM

¡Gracias a Tecnum, la seguridad ya no es un obstáculo!

Diseñadas para cubrir las necesidades específicas de cada disciplina, los discos y las mordazas TECNIUM garantizan un equilibrio perfecto entre un frenado eficaz y una vida útil óptima.

Cuando se trata de detener tu vehículo, TECNIUM parte con ventaja sobre la competencia. Para empezar, TECNIUM es un fabricante experto, con capacidad para hacer que los vehículos más rápidos del mundo se detengan.

Lo que desmarca a las pastillas de freno para moto TECNIUM del resto es su rendimiento superior en cualquier circunstancia de conducción. Con frío o con calor, en terreno húmedo o seco, a alta o a baja velocidad: las pastillas de freno TECNIUM ofrecen un rendimiento constante y consistente, frenada tras frenada. Nuestra fórmula especial, sin amianto y/o con compuestos metálicos sinterizados, responde de manera excelente a las pisadas de pedal del piloto, y le devuelve un feedback preciso para un poder de frenado más seguro y afinado.

Además, las pastillas de freno TECNIUM se han diseñado para tener una resistencia óptima al fading y a los chirridos, proporcionando un tipo de rendimiento silencioso y firme, que se ajusta a casi cualquier estilo de conducción.

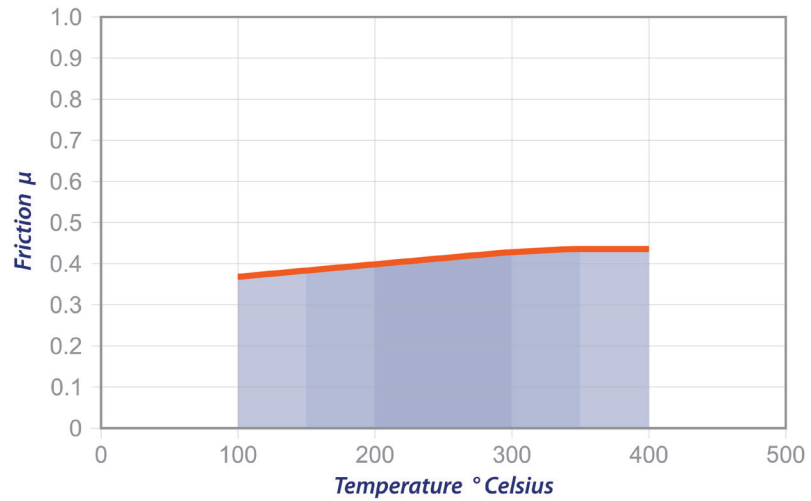

Da igual el tipo de moto que lleves o las condiciones en las que te guste conducir, hay un nombre que debes recordar para mejorar la eficacia de tus frenos: TECNIUM. Nuestras pastillas de freno para moto están disponibles en un amplio rango de distribuidores y tiendas a lo largo de toda Europa. Así que la próxima vez que necesites pastillas de freno, compra TECNIUM: un rendimiento de frenado de expertos.

Más técnica, más fiabilidad, con más margen, disponibilidad y experiencia: Tecnum es la mejor elección para ti y tus clientes. Un producto beneficioso para ambos.

¡Más ventajas para ti!

STANDARD

MA

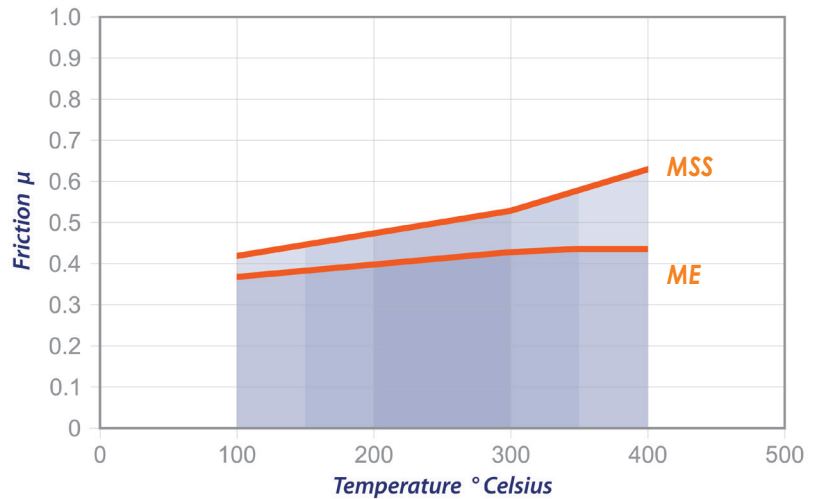

Application environment: Standard Street/Touring (front/rear) use.
Very good performance at low, medium to high temperatures.
Disc-friendly, whether cast iron or stainless steel.
Excellent wear rates.
Approved according to ECE regulation.

Domaine d'application : Route/Tourisme standard (AV/ARR).
Très bonnes performances à basses, moyennes et hautes températures.
Bien adaptée aux disques en fonte ou en acier inoxydable.
Excellente résistance à l'abrasion.
Conforme aux normes CEE.

Entorno de aplicación: uso en modelos de calle estándar / touring (delantero / posterior).
Muy bien rendimiento con temperaturas bajas, normales y altas.
No daña al disco, tanto realizado en hierro forjado como en acero inoxidable.
Excelente índice de desgaste.
Aprobado conforme a la normativa CEE.

SCOOTER

ME

Organic pads. Performance at low temperatures, they are an excellent compromise between efficiency and durability for scooter and maxi-scooter up to 125cm³.

Plaquettes organiques. Performante dès les basses températures, elles sont un excellent compromis d'efficacité et de durabilité pour une utilisation loisir. Pour une utilisation scooter et maxi-scooter jusqu'à 125cm³.

Pastillas orgánicas. Actúan a bajas temperaturas, un equilibrio entre eficiencia y durabilidad excelente para scooters y maxiscoters hasta 125 cm³.

MSS

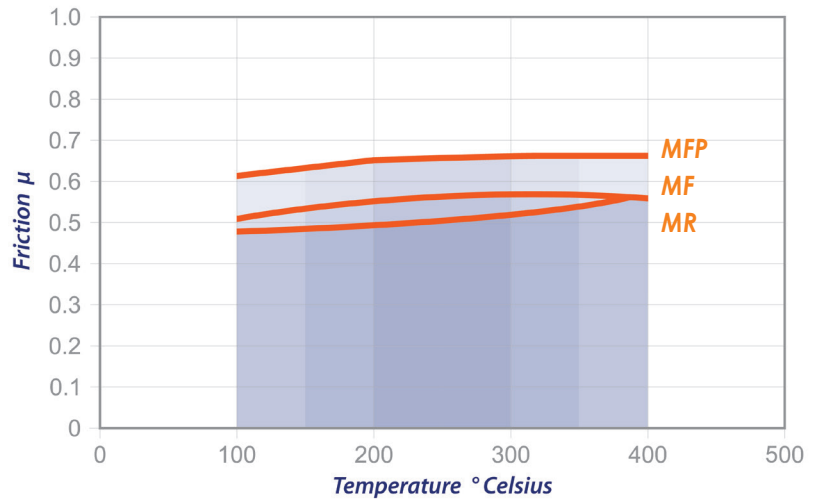

Application environment: Scooters from 250 and up, including Maxi Scooters (front/rear) Improved bite and stopping power under all conditions above the Standard MA formula. Excellent disc & pad wear rates

Application : scooters 250cc et plus, Maxi scooters (avant/arrière). Meilleur mordant et plus grande puissance de freinage dans toutes les conditions au-delà de la formule MA standard. Excellent taux d'usure des disques et plaquettes.

Entorno de aplicación: Scooters a partir de 250 y superiores, incluyendo scooters Maxi (delantero/posterior) Mejora de la fuerza de frenado y el avance bajo todas las condiciones, superior a la fórmula Standard MA. Excelente índice de desgaste de disco & pastilla.

SUPERSPORT

MF/MR

Application environment: High Performance Street use.

Excellent performance with its unique formula system, using a very high friction level for front (MF) and a medium level for rear (MR) for best brake balance.

Disc-friendly, whether stainless steel or OE cast iron. Good wear rates.

Approved according to ECE regulation.

Domaine d'application : Route Haute Performance
 Excellentes performances grâce à son système particulier utilisant un haut niveau de friction sur l'avant (MF) et un niveau moyen sur l'arrière (MR) pour un équilibre de freinage optimal.

Bien adaptée aux disques en acier inoxydable ou en fonte première monte.

Bonne résistance à l'usure.

Conforme aux normes CEE.

Entorno de aplicación: para uso en vehículos de calle de alto rendimiento.

Excelente rendimiento gracias a su sistema de fórmula exclusiva que utiliza un elevado nivel de fricción en el freno delantero (MF) y un nivel medio en el trasero (MR) para lograr el mejor equilibrio en los frenos.

Bajo desgaste del Disco, ya sea de Acero Inoxidable ó de Fundición.

Buen índice de desgaste.

Aprobado conforme a la normativa CEE.

MFP

Sintered pads.

Excellent balance of efficiency and durability for sport-performance.

Front pads MFP (high friction) are dedicated to Trail users and, despite a higher load than normal, offer increased braking performance.

Plaquettes en métal fritté.

Excellent compromis d'efficacité et de durabilité pour un usage sport-performance.

Les plaquettes MFP-avant (haut niveau de friction) sont dédiées aux utilisateurs de Trail routier et, malgré une sollicitation plus importante que la normale, offrent une performance accrue de freinage.

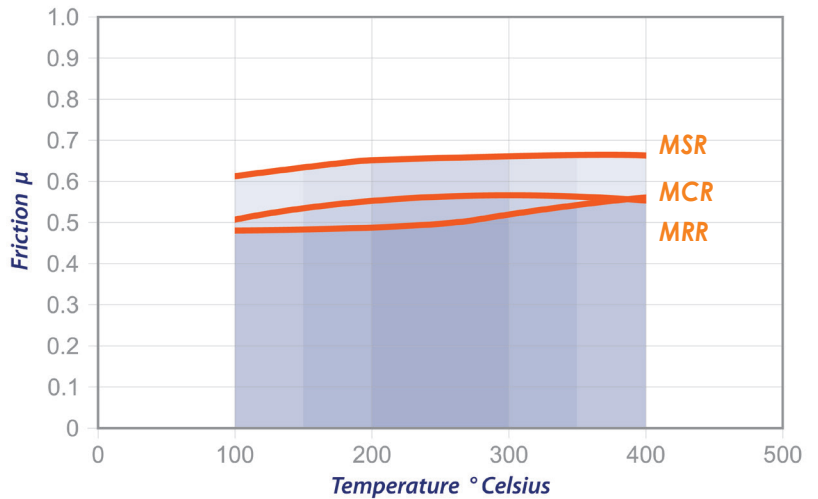

Pastillas sinterizadas

Equilibrio excelente entre eficiencia y durabilidad para prestaciones deportivas.

Pastillas delanteras MFP (alta fricción) especiales para un uso trail, y que —a pesar de una carga mayor de lo normal— ofrecen mayor rendimiento de frenado.

ROAD RACING & ENDURANCE

MRR

Application environment: For Racing (front) use. Superb performance with very high initial bite. Disc-friendly. Good wear rates for this type of application.

Domaine d'application : Compétition sportive (AV). Excellentes performances avec un très bon grip initial. Bien adaptée aux disques. Bonne résistance à l'usure pour ce type d'usage.

Entorno de aplicación: para uso en modelos de carreras (delantero). Rendimiento superior con un alto nivel de avance inicial. No daña al disco. Buen índice de desgaste para este tipo de aplicación.

MCR

Application environment; For Race use EXCLUSIVELY. Road Racing and Endurance. Superb performance, especially when high thermal stability is required. Note: Transfer film technology. Always read bedding in procedures before use. Superior wear rates.

Domaine d'application : EXCLUSIVEMENT compétitions sportives, endurance incluse. Performances exemplaires, notamment lorsqu'une haute stabilité thermique est requise. Remarque : Technologie "Transfer film". Avant emploi, toujours lire les instructions de rodage conseillées. Très grande résistance à l'abrasion.

Entorno de aplicación: para uso EXCLUSIVO en modelos de carreras. Para competiciones de Velocidad y Resistencia. Rendimiento superior, especialmente cuando se requiere una elevada estabilidad térmica. Nota: tecnología de película de transferencia. Lea siempre las indicaciones de puesta en rodaje antes de utilizarlo. Índice de desgaste de primera calidad.

MSR

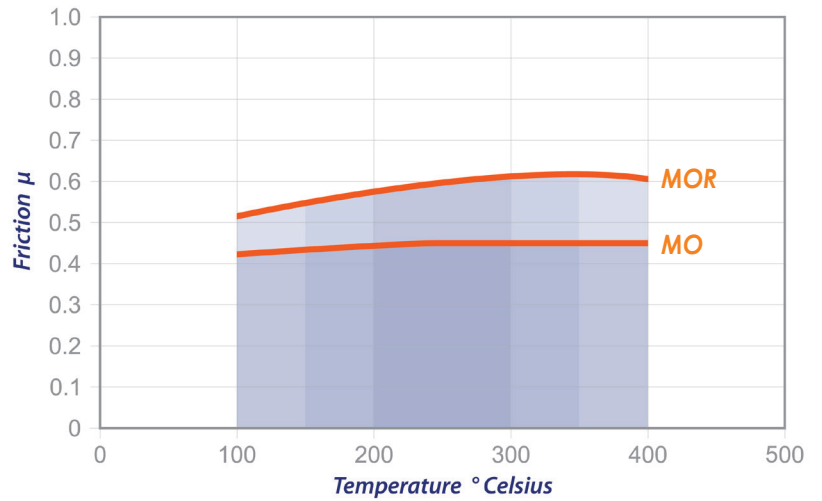

Application environment: For Race use EXCLUSIVELY, recommended for professional Road Racing and Endurance. Superb initial bite and linear in-stop performance at all brake disc temperatures. Excellent wear rates under extreme conditions.

Application : Réservée pour la compétition. Utilisation recommandée pour les professionnels de compétition et d'endurance. Grip initial puissant et performance de freinage linéaire élevée à toutes les températures du disque. Excellent taux d'usure dans des conditions extrêmes.

Entorno de aplicación: Para usar EXCLUSIVAMENTE en carreras; se recomienda para las carreras profesionales de carretera y las carreras de resistencia. Avance inicial superior y excelente rendimiento de frenado directo a todas las temperaturas del disco. Buen índice de desgaste bajo condiciones extremas.

MX/ATV STANDARD & RACING

MO

Application environment: Standard MX/ATV (front/rear) use.

Very good performance at low, medium to high temperatures.

Excellent wear rates, even in wet/muddy conditions.

Domaine d'application : MX/ATV (AV/ARR) standard.

Très bonnes performances à basses, moyennes et hautes températures.

Excellente résistance à l'usure, même dans des conditions très humides ou boueuses.

Entorno de aplicación: uso en modelos estándar MX / ATV (delantero / posterior).

Muy bien rendimiento con temperaturas bajas, normales y altas.

Excelente índice de desgaste, también en condiciones húmedas/fangosas.

MOR

Application environment: High performance (Racing) MX/ATV (front/rear) use.

Excellent performance in the toughest racing conditions.

Disc-friendly.

Good wear rates.

Domaine d'application : Off-Road/Quad (AV/ARR) Haute Performance (Compétitions sportives).

Excellentes performances dans les conditions de course les plus rudes.

Bien adaptée aux disques.

Très bonne résistance à l'abrasion.

Entorno de aplicación: uso en modelos de alto rendimiento (carreras), MX / ATV (delantero / posterior).

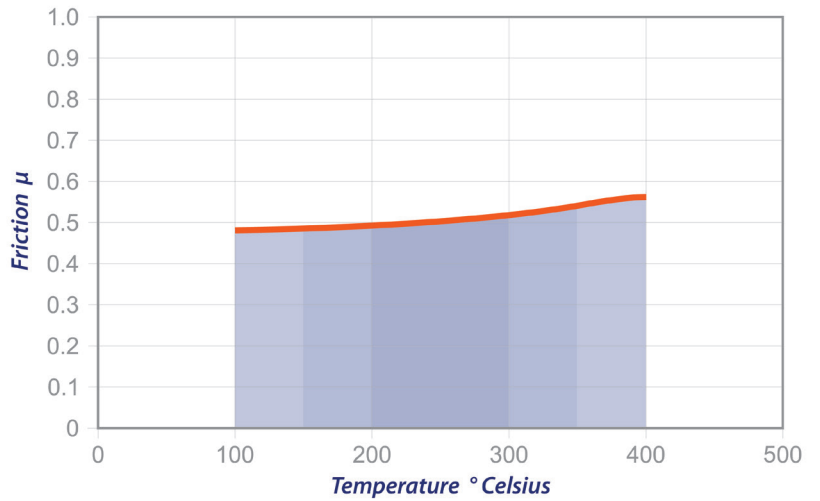

Excelente rendimiento en las condiciones de carrera más extremas.

No daña al disco.

Buen índice de desgaste.

ATV

MOA

Application environment: Standard ATV (front/rear) use, especially for non-stainless steel discs (e.g. Polaris/Arcticat).
 Very good performance at low, medium to high temperatures.
 Excellent wear rates.

Domaine d'application : Quad (AV/ARR) standard, spécial pour disques en acier non inoxydable (Polaris, Arcticat, etc).
 Très bonnes performances à basses, moyennes et hautes températures.
 Excellente résistance à l'usure.

Entorno de aplicación: uso en modelos estándar ATV (delantero / posterior), específico para discos que no son de acero inoxidable (p. ej. Polaris / Arcticat).
 Muy bien rendimiento con temperaturas bajas, normales y altas.
 Excelente índice de desgaste.

ANTI-VIBRATION PAD SHIMS

Whether they are used on racing tracks or for both street and off-road rides, these shims are set to prevent brake pads from vibration, hissing and grinding. TECNIUM pad shims are noise resistant, piston protective and temperature transfer resistant. They give a better brake feel, help protect brake pistons and reduce vibrations and noise.

Rubber-fiberglass shims are self-adhesive and fit any brake pad, each one to be mounted on the metal frame of the plate (piston side).

Four shims of 80x40x0.6mm per package to equip two sets of pads.

LAMELLES ANTI-BRUIT

Ces lamelles s'utilisent aussi bien en compétition que sur route si les plaquettes sifflent ou grincent. À utiliser comme diffuseur thermique lorsque l'ensemble étrier-disque chauffe trop, elles vous procurent une meilleure sensation de freinage et protègent les pistons d'étriers, tout en réduisant les vibrations et le bruit lors du freinage.

Composée de caoutchouc et de fibre de verre, autocollante, adaptable sur tout freinage à disque, chaque lamelle TECNIUM se colle sur la monture métallique de la plaquette (coté piston).

4 lamelles de 80x40x0,6mm par paquet pour équiper deux jeux de plaquettes.

SEPARADORES ANTIVIBRACIÓN

Tanto si se usan en pistas de carreras como si se llevan por ciudad, o en escapadas off-road, estos separadores están concebidos para impedir la vibración, el siseo y el chirrido de las pastillas de freno. Los separadores de pastilla TECNIUM son antiruido y resistentes a los cambios de temperatura, además de incluir protección para el pistón. Proporcionan un mejor tacto del freno, ayudan a proteger los pistones de freno, y reducen las vibraciones y el ruido.

Los separadores, de goma y fibra de vidrio, son autoadhesivos y encajan en cualquier pastilla de freno; cada uno de ellos se monta sobre la superficie metálica de la placa (por el lado del pistón).

Cuatro separadores de 80x40x0,6 mm por paquete para equipar dos juegos de pastillas.

SCREWS FOR BRAKE PADS

Stainless Steel screws for brake pads, 55 or 72mm. By pair. Thread: M10x125.

VIS POUR PLAQUETTES DE FREIN

Vis de plaquette de frein en inox, 55 ou 72mm. Vendu par paire. Filetage M10x125

KIT TORNILLOS

Kit tornillos pastillas de freno: Acero Inox, 55 o 72mm. Vendidos en pares. Rosca M10x125.
