

# FORGED MOTORCYCLE PISTONS & PARTS

2014

*Offroad  
ATV  
Street*

Wir sind die innovativen Spezialisten für Hochleistungskolben und Pleuel. Wössner Produkte arbeiten in Motoren auf dem höchsten Level des Motorsports, sowie im täglichen Gebrauch – überall dort wo Leistung und Langlebigkeit sehr wichtige Faktoren sind. Dabei werden unterschiedliche Kolben für den Rennsport und für den täglichen Gebrauch produziert, um die jeweils speziellen Anforderung der Motoren optimal zu erfüllen. Der Erfolg berühmter Motorsportteams in nationalen und internationalen Wettbewerben basiert oft auf der überlegenen Leistung der Wössner Produkte.

We are the innovative specialists for high performance pistons and conrods. Our products are to be found in engines operating at the highest levels of motor sport, in competition and, of course, in everyday use – in fact, anywhere where longevity and operational noise are important factors. Wössner products are the source of the superior power behind the success of well known motor sport teams at national and international race meets.

## PISTONS

### PERFORMANCE

Um unsere Produkte zu optimieren, werden die Auswirkungen von Druck, Bewegung und Temperatur permanent analysiert.

In order to optimise our product, it is necessary to permanently analyse the effects of pressure, motion and temperature.

Sie finden in unserem Sortiment neuentwickelte Kolben speziell für Bahnmotoren. Die Leidenschaft für den Bahnsport führte Eckart Wössner, der lange in diesem Sport aktiv war, dazu Kolben speziell für diese Motoren zu entwickeln. Jeder am Bahnsport Interessierte weiß, dass diese Kolben die am stärksten belasteten Kolben im Rennsport sind. Um dieser hohen Belastung von bis zu 14000 Umdrehung am Start standhalten zu können, wurden spezielle Rohteile mit einer besonderen Wärmebehandlung entwickelt und produziert. Diese Neuentwicklung soll Fahrer und Sport weiter voranbringen. Die neuentwickelten Wössner Kolben werden unter anderem in den Speedwaymotoren von Joonas Kylmäkorpi und Richard Speiser verbaut – mit hervorragenden Ergebnissen. Auch Marcel Gerhard und Joachim Kugelmann setzten auf die neuen Wössner Kolben in ihren extrem getunten Motoren. Die neuen Schmiedekolben liefern die nötige Power.

*You can find the newly developed pistons especially for speedway engines as part of our range of products. The passion for speedway races has lead Eckart Wössner, who himself was engaged in this sport for a long time, to develop pistons especially for these engines. Everyone interested in speedway knows that these pistons are the most loaded pistons in racing. To be able to withstand this high pressure of up to 14000 rotations at the start, a special forging with a specific heat treatment have been developed and produced. This new development should bring the riders and the sport a step further. The newly developed Wössner pistons are getting installed among others in the speedway engines of Joonas Kylmäkorpi and Richard Speiser – with excellent results. Marcel Gerhard and Joachim Kugelmann count on the new Wössner pistons for there extremely good tuned engines too. The new forged pistons provide the necessary power.*

Joonas Kylmäkorpi – Langbahnmeister 2010/11/12/13  
 Long Track Champion 2010/11/12/13

Obwohl **FGM** ein verhältnismäßig junges Unternehmen ist, können wir auf einen großen Erfahrungsschatz unserer Mitarbeiter zurückgreifen.

*Even though **Forging Group Monale (FGM)** has been founded recently, their high quality production facility and knowledgeable staff have a high level of experience and technical ability in forging design and manufacturing.*

Das Schmieden ist ein sehr alter Arbeitsvorgang. Verschiedenartige Legierungen sind für diese Art von Verarbeitung geeignet. Die plastische Umformung, die durch diese Technik erzielt wird, ermöglicht die Herstellung von verschiedensten Teilen, die allesamt sehr hohen Belastungen standhalten, sehr kompakt sind und optimal weiterverarbeitet werden können.

*Forging manufacturing is a technical production process. Aluminum alloys are especially adapted for this kind of processing. The plastic deformation obtained by this technique enables the manufacturing of lightweight Aluminum products to be capable of withstanding high level of stress and to be finish shaped in to unique forged components which are extremely compact and very easy to work with.*

Wir verfügen über diverse Spindelpressen von 400 bis zu 1400 Tonnen, einer Hydraulischen Presse von 2500 Tonnen sowie 2 weiteren Hydraulischen Pressen von 1000 Tonnen.

Jede Presse verfügt über ihren eigenen Ofen zum Vorheizen. Diverse vollautomatische Sägemaschinen, Wärmebehandlungsöfen und eine automatische Picklingmaschine komplettieren die Produktionsstraße.

Mit den oben angesprochenen Anlagen sind wir in der Lage Aluminiumteile von ein paar Gramm bis hin zu mehreren Kilo Gewicht zu fertigen.

*FGM has a wide range of screw presses from 400 to 1400 tons, one mechanical press of 2500 tons and two hydraulic presses of 1000 tons.*

*Each press has its own pre-heating oven, sawing machines, heat-treatment ovens and an automatic pickling center to complete the forging production process.*

*FGM can produce forgings in Aluminum alloy, from a few grams to several kilos of weight depending on the client's requirements and needs.*

## Hinweise - Instructions

### INSTALLATIONSHINWEISE

**Diese Arbeiten müssen unbedingt von einem Fachmann ausgeführt werden!**

#### Kolbenlaufspiel

Wössner Kolben sind mit einer speziellen Ovalität versehen. Der Kolbendurchmesser wird an der dicksten Stelle des Kolbens gemessen. Diese befindet sich um 90° versetzt zum Kolbenbolzen, ca. 7 – 10 mm vom unteren Rand des Kolbenhemdes. Das Laufspiel ist auf der Verpackung angegeben.

#### Beschichtete Kolben

Das Kolbenlaufspiel wird ohne die Beschichtung des Kolbens berechnet. Die Beschichtung macht ca. 0,01 – 0,02 mm im Durchmesser aus.

#### Spaltmaße zum Zylinderkopf

Das Spaltmaß zwischen Dom und Zylinderkopf, sowie der Quetschkante muss vor dem Zusammenbau überprüft werden und muss den OEM Maßen entsprechen.

#### Spiel zwischen Ventilen und Kolben

Die Wössner Kolben werden in den meisten Fällen mit Ventiltaschen geliefert die tiefer sind als die der OEM Kolben. Es ist sehr wichtig, dass der Ventilhub vor dem Einbau der Kolben geprüft wird. Das ist notwendig, da es eine Vielzahl von Nockenwellen gibt, auch spielen hier Zylinderkopf/Blockhöhe eine Rolle.

### INSTALLATIONSHINWEISE 4-TAKT RINGE

Die Ringe müssen mit einer geeigneten Kolbenringzange eingebaut werden, wobei man mit dem untersten Ring anfängt. Übertriebenes Spreizen des Rings sollte verhindert werden, da dies zu einer Deformation des Rings führen kann. Wenn die Ringe deformiert sein sollten, sind sie nicht mehr zu verwenden. Ringe die eine Markierung besitzen, müssen innerhalb der Nute mit der Bezeichnung nach oben, in Richtung Zylinderkopf eingebaut werden. Besondere Sorgfalt gilt beim Einbau von dem Ölabbstreifring.

Achten Sie darauf, dass alle Ringstöße gleichmäßig versetzt sind.

#### Ringstoßspiel

Prüfen Sie die Verdichtungsringe auf das Stoßspiel, gegebenenfalls müssen Sie diese vorsichtig nacharbeiten. Multiplizieren Sie Ihren Zylinderdurchmesser in mm mit dem Faktor in der jeweiligen Zeile für Ihre Anwendung um das Ringstoßspiel zu bestimmen.

Beispiel: Für den ersten Ring eines ATV's mit 80,00 mm Bohrung multipliziert man  $80 \times 0,0040 = 0,32$  mm.

Anwendung / application	1ter Ring / top ring	2ter Ring / second ring	Öler Lamellen / oil ring rail
Motorrad und ATV	Bore x 0,0040	Bore x 0,0050	mind. 0,4 mm
HC Kolben für Motorräder	Bore x 0,0045	Bore x 0,0050	mind. 0,4 mm
Turbo Kolben für Motorräder	Bore x 0,0050	Bore x 0,0055	mind. 0,4 mm

Die obenstehende Tabelle gibt nur einen Richtwert an. Das Stoßspiel des zweiten Rings sollte immer größer sein, als das Stoßspiel des ersten Rings, um einem Flattern der Ringe entgegen zu wirken

### SPECIFICATIONS AND INSTALLATION INSTRUCTIONS

#### Piston to Cylinder Wall Clearance

Wössner pistons are designed with a special cam and cylinder design. When measuring for piston to wall clearance, measure at widest point of piston skirt from the bottom of the oil ring groove, 90 degrees from wrist pin hole.

#### Coated Pistons

Piston to wall clearance is calculated before the coating is applied to the piston skirts.

#### Dome Clearance

Dome to cylinder head clearance need to be checked prior to assembly.

#### Valve to Piston Clearance

Most Wössner pistons are designed with valve pockets that are deeper and larger than OEM. These pockets provide adequate valve clearance under most conditions. It is very important that valve to piston clearance is checked upon piston installation. This is necessary due to many variations in cams, how much a block has been decked, or if the heads have been cut or angle milled.

### INSTALLATION INSTRUCTIONS 4-STROKE RINGS

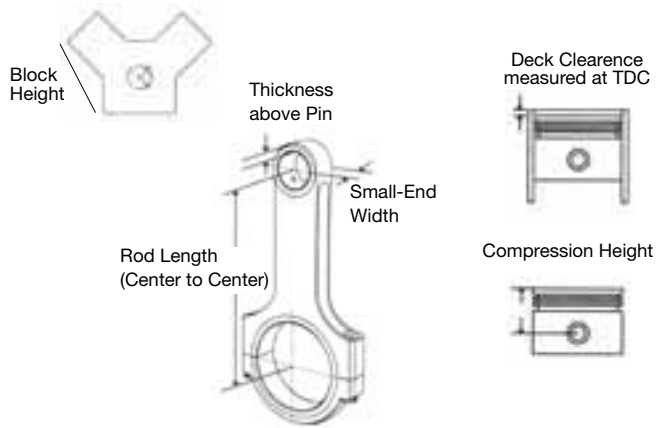

The rings are installed with suitable piston ring pliers, starting with the lowest ring. Excessive opening of the rings is to be avoided, since this could lead to deformation of the rings. If the rings are deformed, they are not longer able to provide a perfect seal. Rings that have the mark are to be fitted with the marking facing upwards towards the piston crown. Special care is needed for the installation of steel rail rings (3S-rings). After the spring has been loaded, the rails are to be mounted so that rail end gaps point towards the pin hole. When the upper rail is being installed, the ends of the spring needs to be held together so as to prevent overlapping. After this, the lower rail is to be installed. In the case of pistons with rotation prevention in the ring grooves, care need to be taken to ensure that the ring gaps are positioned alongside the location pins. After the rings have been installed, the ring gaps are to be spread evenly around the circumference (for example at 120° intervals for a 3-ring piston).

# ÄFTSBEDINGUNGEN

21 - 79576 Weil m Rhein/Märkt

6.3 Der Kunde ist zur Weiterveräußerung der Vorbehaltsware im ordentlichen Geschäftsgang berechtigt. Er tritt uns für diesen Fall schon jetzt alle aus der Weiterveräußerung resultierenden Forderungen ab. Wir werden diese Forderungen auf Verlangen des Kunden freigeben, soweit sie unsere Forderungen gegen den Kunden um mehr als 20% übersteigen.

## 7. Gewährleistung

7.1 Offensichtlich mangelhafte oder unvollständige Ware hat der Kunde unverzüglich zu rügen. Die Rüge muß spätestens 14 Tage nach Erhalt der Ware bei uns eingegangen sein. Die weitergehende Untersuchungs- und Rügepflicht von kaufmännischen Kunden richtet sich nach den gesetzlichen Vorschriften. Jede Beanstandung der Ware hat schriftlich unter Beifügung einer Rechnungskopie zu erfolgen.

7.2 Keiner Rüge bedürfen als solche gekennzeichnete Teilleistungen, zu denen wir in zumutbarem Umfang berechtigt sind. Keine Mängel sind solche Abweichungen von der verabredeten oder aus Anzeigen oder Katalogen ersichtlichen Beschaffenheit der Ware, die die Tauglichkeit zum gewöhnlichen oder vertragsgemäßen Zweck unberührt lassen oder verbessern. Entsprechende Änderungen behalten wir uns vor.

7.3 Unsere Motoren-, Tuning- und sonstige Zubehörteile werden überwiegend ohne TÜV-Gutachten geliefert und sind nur für Rennzwecke bestimmt. Die Zulässigkeit ihres Einsatzes auf öffentlichen Straßen gehört nicht zur vertragsgemäßen Beschaffenheit.

7.4 Die Gewährleistung für gelieferte Ware ist nach unserer Wahl auf Nachbesserung oder Ersatzlieferung beschränkt. Bei Fehlschlägen der Nachbesserung oder Ersatzlieferung kann der Kunde nach seiner Wahl, Herabsetzung der Vergütung oder Rückgängigmachung des Vertrags verlangen. Wir sind zu mindestens zwei Nachbesserungsversuchen berechtigt.

7.5 Beruht der aufgetretene Mangel auf unsachgemäßer Behandlung, Reparaturversuchen, Beschädigungen oder sonstigen Veränderungen der Ware durch den Kunden selbst oder Dritte, bestehen keine Gewährleistungsverpflichtung. Es entfällt insbesondere jeder Gewährleistungsanspruch des Kunden, wenn die der Ware beigefügte Einbauanleitung nicht genau befolgt wird.

7.6 Bei Auftragsarbeiten nach Kundenvorgabe leisten wir nur für handwerklich ordnungsgemäße Ausführung Gewähr. Das Risiko technisch bedingter Funktions- oder Haltbarkeitsmängel trägt der Kunde.

7.7 Stellen wir bei einer Beanstandung fest, daß wir nicht gewährleistungspflichtig sind, können wir vom Kunden für angefallenen Material- und Zeitaufwand eine angemessene Vergütung verlangen.

7.8 Die Gewährleistungszeit beträgt sechs Monate.

## 8. Haftung

8.1 Vertragliche vorvertragliche und außervertragliche Schadensersatzansprüche- unter Ausnahme von Ansprüchen wegen Fehlens zugesicherter Eigenschaften- sind ausgeschlossen, soweit wir den Schaden nicht vorsätzlich oder grob fahrlässig verursacht haben.

8.2 Bei Fehlen zugesicherter Eigenschaften haften wir nicht für Folgeschäden, es sei denn, die Zusage sollte gerade vor dem Eintritt solcher Folgeschäden schützen.

8.3 Darüberhinaus ist unsere Haftung gegenüber Kaufleuten auf den nach Grund und Höhe vorhersehbaren, vertragstypischen Durchschnittsschaden bis zum Zehnfachen des Kaufpreises b.z.w. Werklohns begrenzt, wenn uns nicht der Kunde vor Vertragsschluß schriftlich auf außergewöhnliche Schadensrisiken hingewiesen hat und wir schriftlich die Übernahme dieser Risiken erklärt haben.

8.4 Wir haften nicht für Schäden, die auf einer Nichtbeachtung der Einbauanleitung (Ziffer 7.5) oder auf der Befolgung von Kundenvorgaben (Ziffer 7.6) beruhen.

## 9. Schlußbestimmungen

9.1 Erfüllungsort ist 79576 Weil am Rhein. Bei Geschäften mit Vollkaufleuten, juristischen Personen des öffentlichen Rechts oder öffentlichrechtlichen Sondervermögen ist Gerichtsstand für alle im Zusammenhang mit diesem Vertrag entstehenden Rechtsstreitigkeiten 79576 Weil. Das gleiche gilt, wenn der Wohnsitz oder gewöhnliche Aufenthalt des Kunden im Zeitpunkt der Klageerhebung unbekannt ist oder sich im Ausland befindet.

9.2 Dieser Vertrag untersteht deutschem Recht. EKG und UN Kaufrecht finden keine Anwendung.

9.3 Sollten einzelne Bestandteile dieses Vertrags unwirksam sein oder werden, berührt dies nicht die Wirksamkeit des übrigen Vertrags.

# GENERAL TERMS AND CONDITIONS

of contracts with Wössner GmbH · Im Wörth 21 · 79576 Weil m Rhein/Märkt

## 1. General

All offers, deliveries, repairs and other services are exclusively rendered on the basis of the following conditions. The applicability of contractual partners' conflicting terms and conditions is herewith denied. Deviations from these terms and conditions have effect only if they are confirmed by us in writing. All other alterations, requested or implied, remain invalid. These Terms and Conditions supersede all previous Terms and Conditions

## 2. Contract-execution and Content

2.1 All offers are subject to confirmation within three weeks and are non-binding.  
2.2 Subsidiary agreements, restrictions, alterations or additions to contracts must be made and accepted in writing.

## 3. Prices and Terms of Payment

3.1 All prices exclude postage and packing.  
Offers are made based upon current costs. Should, between acceptance of an order and delivery date, an unexpected rise in costs occur, we reserve the right to raise our wholesale prices accordingly. The same applies to retail prices only when the delivery date is more than four months after the order was confirmed. An increase in price on a retail contract is restricted to three percent of the original sum.  
3.2 Only written estimates will be considered to be binding. Should we not receive a contract following an estimate we reserve the right to request an appropriate fee for this service.  
3.3 Payment, in Euro, is due in full within one week of the billing date.  
3.4 For delivery contracts we reserve the right to request payment in advance or cash on delivery.  
3.5 Payment by cheques and bills of exchange is only considered to have taken place when the clearing process is completed. Responsibility for the form and acceptance of bills of exchange remains with the drawee. Withdrawal, account and exchange fees are the responsibility of the purchaser and are immediately due.  
3.6 The purchaser is only entitled to an account credit in the event of an unchallenged and legally upheld counter claim. Right of retention claims must be based upon such claims.  
3.7 We reserve the right to off-set payments against outstanding debts in accordance with §§ 367 Abs. 1, 366 Abs. 2 BGB  
3.8 In the event of delay or default in payment we reserve the right to charge interest at a rate of two percent above the base rate as defined by the Deutsche Bundesbank.

## 4. Delivery Dates and Appointments

4.1 Delivery dates and working schedules are only binding when agreed in writing.  
4.2 In the event that we are unable to meet a delivery date, the customer is entitled to set a new delivery date, at least three weeks after the expiry of the original deadline. Only if this second deadline is reached without the delivery taking place is the customer entitled to withdraw from the agreement. The setting of deadlines and the withdrawal from agreements must take place in writing.  
4.3 Force Majeure – events beyond our control, such as, but not restricted to, acts of God, industrial action and state intervention, that hinder us or our suppliers in the completion of our work may lead to an extension of the previously agreed delivery times. Should such events render completion of a contract impossible or the altered conditions unacceptable then either party is entitled, in writing, to withdraw from the agreement. There arises no entitlement to compensation

## 5. Transfer of Responsibility

5.1 We are not liable for loss or damage in transport. Responsibility passes to the customer as the goods are collected or leave our premises. If dispatch is delayed due to events beyond our control then responsibility passes to the customer with the notification of transport readiness. An insurance to cover possible damage or loss during transportation can be arranged on request. The cost of the insurance is the responsibility of the customer.  
5.2 Responsibility for goods in transit to us remains with the customer.

## 6. Reservation of Title – Transfer of Ownership

6.1 The finished goods remain completely the property of Wössner GmbH until such time as all outstanding balances due to us have been paid. In the case of wholesale partners this clause also applies to future balances.  
6.2 If our sole ownership of the goods becomes void through amalgamation or modification, then we receive a proportional ownership of the new retained goods based upon the value of its constituent parts.  
6.3 The customer is entitled to process and sell the retained goods in the due course of his business. Any and all resulting income is payable to Wössner GmbH. Following a specific request from our customer we are willing to release them from this demand in so far as their income is more than twenty percent over our price.

## 7. Guarantee

7.1 Receipt of obviously faulty or incomplete goods must be immediately registered at Wössner GmbH. Notification must reach us within fourteen days of receipt of the goods. The extent of any further testing and the necessity of any further notification, in the case of trade customers, are legally governed. Any complaints concerning the goods must be forwarded in writing together with a copy of the relevant invoice.  
7.2 We reserve the right to dispatch part orders in appropriate circumstances. These will be clearly marked as such and require no notification of missing components. Deviations from agreed or advertised properties of a product that either improve or do not influence its normal or planned usage are not considered to be defects. We reserve the right to make such alterations.  
7.3 Our motor parts, tuning instruments and other accessories are generally delivered without TÜV testing and are only for use in specialised racing vehicles. Licensing for use on normal road vehicles is not part of any agreement.  
7.4 Our guarantee is limited to repair or replacement of the delivered goods. In the event of a further problem after repair or replacement the customer may choose between an appropriate reduction in price or return of the goods and a refund. We reserve the right to two attempts to improve the original merchandise before further action is taken.  
7.5 Faults directly or indirectly attributable to inappropriate handling, attempted repair, inflicted damage or other alterations to the goods carried out by the customer or a third party are not covered by our guarantee. The guarantee becomes void should the customer not follow exactly the instructions contained within the included Installation Manual.  
7.6 For special constructions based upon designs provided by the customer, our guarantee is restricted to the quality of the construction work carried out. All risks relating to technical specification, function and endurance are carried by the customer.  
7.7 Should we discover in the course of a complaints procedure that our guarantee is void, we reserve the right to charge the customer an appropriate fee for time and material costs.  
7.8 The guarantee period is six months.

## 8. Liability

8.1 Except for instances of gross negligence or intentional malpractice, compensation claims arising from positive violation of claims, breach of duty prior to contract (culpa in contrahendo) and from tort are excluded in all instances except those arising from claims based faulty goods.  
8.2 In cases of faulty merchandise liability is excluded for direct and consequential damage which occurs after the defect should reasonably have been identified.  
8.3 Furthermore the amount of compensation for cases involving wholesale transactions is, based upon the foreseeable average damage for this nature of contract, limited to ten times the price of the article or, in the case of modifications, ten times the works costs. Instances involving exceptional risk factors must be registered pre-contract. Liability beyond the limits outlined within this contract will only be accepted if agreed in writing in advance.  
8.4 Liability claims based upon a failure to follow the Installation instructions (Paragraph 7.5) or based upon damage caused as a result of an explicit customer request (Paragraph 7.6) are excluded.

## 9. Final Provisions

9.1 The place of fulfilment of this contract is 79576 Weil am Rhein, Germany. Insofar as the customer is a registered businessman within the bounds of the German Commercial Code, a legal entity under public law or a Special Fund under public law, the exclusive place of jurisdiction for all disputes arising directly or indirectly from the contractual relationship is 79576 Weil am Rhein. The current or usual place of residence of the plaintiff is immaterial.  
9.2 German law is applicable to these General Terms and Conditions and to the entire legal relations between us and the customer. Uniform Sales Law and the United Nations Convention on Contracts for the International Sale of Goods have no jurisdiction. The German version of these terms and Conditions (Allgemeine Geschäftsbedingungen) are binding in content.  
9.3 In the event that a condition in these General Terms and Conditions or a Provision under the structure of other agreements is, or will become invalid, this does not affect the validity of all other conditions or agreements.

### GEWÄHRLEISTUNGEN

Aufgrund der Natur leistungsstarker Motoren werden die Teile in diesen Sets ohne jegliche vertragliche oder gesetzliche Gewährleistung, insbesondere der Gewährleistung für die Verkaufsfähigkeit oder Eignung für einen bestimmten Zweck, verkauft. Die Wössner GmbH kann nicht, unter keinen Umständen, für spezielle oder zufällige Schäden, sowie Folgeschäden haftbar gemacht werden, dies beinhaltet, ist aber nicht darauf beschränkt, Beschädigung, Umsatzverlust, die Kosten für erworbene Teile oder Ersatzteile, weitergehende Forderungen der Kunden des Käufers, die aus dem Kauf hervorgehen und /oder ein Ergebnis dieser sind. Der Einbau dieser Teile kann die Herstellergarantie für das Fahrzeug negativ beeinflussen. Kolben sind für Rennsport-Zwecke zu verwenden.

### WARRANTY DISCLAIMER

*Due to the nature of performance applications, the parts in this kit are sold without any express warranty or any implied warranty of merchantability or fitness for a particular purpose. Wössner GmbH shall not, under any circumstances, be liable for any special, incidental or consequential damages, including, but not limited to damage, or loss of profits or revenue, cost of purchased or replacement goods, or claims of customers of the purchaser, which may arise and / or result from sale, installation or use of these parts. Installation of these parts could adversely affect the vehicle manufacturer's warranty co-verage. Pistons are usable for racing.*
