

WARM DRY THERMAL COMFORT

Oxford Warm Dry layers offer a thermal base layer, which can be used all year round.

THERMAL COMFORT

FAST DRYING, WICKS MOISTURE FROM SKIN

ANTI-ODOR, ANTI-BACTERIAL TREATMENT

REINFORCED FLAT LOCK SEAMS

Warm Dry layers are perfect for varied weather conditions, where your body temperature needs to be regulated through a combination of effective moisture wicking and thermal insulation. Perfect for colder conditions, where you need as much warmth as possible to be trapped against your skin. Best used in conjunction with Oxford ChillOut layers.

OXFORD LAYERS GENERAL FEATURES • Male and female specific tailored fit • Flat lock seams for comfort

MCN

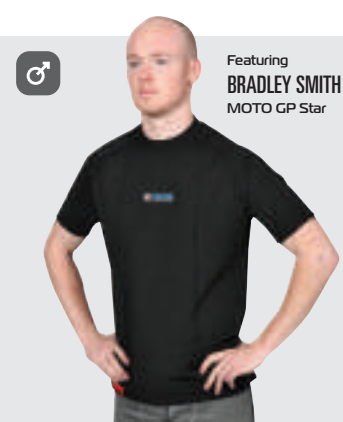

"They have highlighted the important of layering properly... They're simple and functional and do their job perfectly. I can't fault them."

CHILLOUT WINDPROOF

Oxford Chill Out layers provide an extremely effective mid-layer barrier against wind chill. Perfect for use with Oxford WarmDry base layers.

WINDPROOF
BARRIER AGAINST
WINDCHILL

ANTI-ODOUR,
ANTI-BACTERIAL
TREATMENT

BREATHABLE &
LIGHTWEIGHT

REINFORCED
FLATLOCK
SEAMS

At 0 °C, the wind chill factor at just 24mph is approximately -16 °C. Add to that the impact of rain at high speeds and it is easy to see how a rider's concentration could be adversely affected.

The correct use of 'layering' can dramatically reduce the effect of wind chill, as well as maintain comfort through the wicking of moisture away from the skin. The all-new ChillOut range of Oxford Layers uses the very

latest in material technology to keep riders warm and comfortable in such extreme conditions.

The key ChillOut material is water-resistant, windproof and breathable; it also has an insulating fleece lining, which is gentle on the skin. In addition stretch panels are employed in areas requiring maximum flexibility and breathability, so that comfort is not compromised in any way.

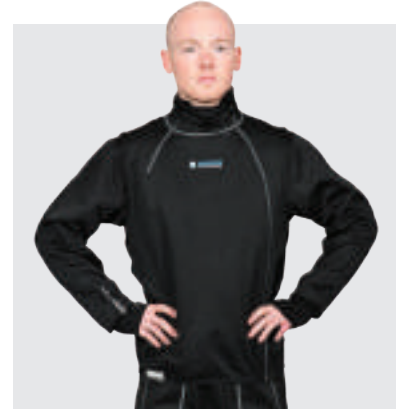

MCN

"This jacket is nicely tailored and works well under winter kit" ... "I use it as a replacement for the liner of one of my winter jackets as I feel it gives better warmth and wind protection"

RAINSEAL Waterproofing Spray

FUNCTIONS

WATERPROOF

UV PROTECTION

COVERAGE

MATERIAL
COVERAGE

This remarkable spray is designed to waterproof and protect virtually any fabric, especially polyester, cotton and nylon.

- Rain droplets simply bead-up and run off the fabric surface and away from seams
- Forms an invisible barrier and protects against water, dirt oil and bird droppings
- UV inhibitors give protection against the sun's harmful rays
- Re-apply every 6 months
- Can be used on clothing, outdoor covers, tents, carpet etc.
- More environmentally friendly than silicon-based products and gives better long term protection

APPLICATIONS

- Luggage
- Shoes & boots
- Outdoor covers
- Tents
- Outdoor clothing

TEXTILE JACKET

Updated version of the award winning Montreal 2.0 jacket with a host of improvements for the discerning Adventurer

- Top of the range, fully featured, Adventure jacket with waterproof drop liner, which includes Rainseal Technology
- Updated styling from the previous model which was awarded multiple RIDE Best Buy awards
- Tall Amara lined, multi-adjustable collar with neoprene edging to give a good seal with maximum comfort
- Reflective panels at the front, top and back for 360° visibility
- The jacket has Ripstop and CE armour in the shoulders and elbows
- The external pocket for the armour in the elbow is designed to move less in the event of a spill
- Includes Oxford's intelligent adjustment in the arms
- adjustment straps for extra flexibility and comfort when riding
- Soft Amara on the cuffs for comfort plus large adjustment gusset to keep the water out
- Two large box pockets at the front are expandable, water resistant and include hand warmers
- Generous accordion stretch panels on the rear make the jacket more comfortable to wear
- Deep cutaway on the front hem plus a Continental Cut on the rear (extended tail) for extra weather protection
- Rear box pocket
- Airflow vents on front and rear
- Hard wearing spear-toothed enduro main zip
- Thick thermal liner for extra warmth
- Oxford's Rainseal hood enclosed in neck - when used, it will reduce weather ingress
- Provision for back protector provided

OSLO 1.0

TEXTILE JACKET

A full-specification, full-length, waterproof touring jacket with a removable thermal 'Puffa' jacket which can be worn separately off the bike

- The weather has been locked out of the jacket through a comprehensive list of defences: • A waterproof, breathable Reissa membrane throughout the jacket • A double zip storm-flap system on the front of the jacket • A (removable) storm collar • Waterproof pockets throughout • Water-resistant zips on all air vents • Cooling is delivered through by a system of lock-open air vents, including cuff adjusters which double as ventilation • Multiple adjustment points on arms and waist • Stretch panels provide extra flexibility in the elbows and behind the arms • Lots of printed reflective detailing for improved visibility at night • Comfort is prioritised with a neoprene edged, synthetic suede collar and easily adjustable, soft-edged cuffs • Complete with short & full circumference connecting zips • The short connecting zip is compatible with all Oxford PANTS • Velcro-in back protector, fastens to ensure perfect positioning for comfort and protection • Comfort is prioritised with a beautifully finished synthetic suede collar and easily adjustable, soft-edged cuffs • CE-EN1621-2:2014 Level 1 back protector included • Includes provision for CE chest protectors • CE-EN1621-1:2012 Level 1 elbow and shoulder protectors included

TEXTILE JACKET

High specification mid-length jacket full of features, all for a very affordable price

- Entry level jacket with waterproof drop liner, with Rainseal Technology
- Tall collar with two adjustment points and neoprene at the edge to give a good seal with maximum comfort
- Spacer mesh in the collar makes the whole jacket breathable
- Reflective panels at the front, top and back for 360° visibility
- Ripstop on shoulders, upper arms and back of the arms for better protection
- The jacket has CE armour in the shoulders and elbows which is attached to the outer shell via external pockets, so it is less likely to move in the event of a spill
- Includes Oxford's intelligent adjustment in the arms
- adjustment straps for extra flexibility and comfort when riding
- Soft Amara on the cuffs for comfort plus large adjustment gusset to keep the water out
- Front Napoleon and water resistant box pockets
- Air vents on front and rear
- Heavy duty YKK Vislon zip
- Thick 100g thermal liner for extra warmth
- Provision for back protector provided

BLADON

LEATHER JACKET

Retro leather riding jacket

• The Bladon leather jacket mixes contemporary style with a slice of café racer chic • Using cow leather, it's lightweight, supple and sporty and this hard-wearing riding jacket is complete with CE approved shoulder and elbow armour, triple stitching to the back of the arms for added strength and 4 pockets on the front • The debossed Oxford logo finishes off a great-looking jacket • Short circumference connecting zip • Oxford CE-EN1621-2:2014 Level 1 back protector available separately • CE-EN1621-1:2012 Level 1 elbow and shoulder protectors included

WALTON

LEATHER JACKET

Classic leather riding jacket

- The Walton jacket is a tough, 100% leather riding jacket made from cow leather giving it a supple and lightweight feel
- The yoke and the back of the arms are triple stitched for extra strength and with the subtle reflective patch on the back, this jacket has both style and substance
- CE armour for elbows and shoulders complete a great value leather jacket

MONTREAL 2.0

TEXTILE JACKET

A high specification, mid-length, waterproof touring & adventure jacket with a removable thermal liner

- The weather has been locked out of the jacket through a comprehensive list of defences: • A waterproof, breathable 'smart' Reissa membrane throughout the jacket • A double zip storm-flap system on the front of the jacket • A unique rain hood hidden in the collar; can be worn underneath the helmet to avoid water ingress around the neck area • Water-resistant pockets lower front & rear • Water-resistant zips on all air vents • Cooling is delivered through a system of lock-open air vents, including cuff adjusters which double as ventilation • Multiple adjustment points on arms and waist • Printed reflective detailing for improved visibility at night • Comfort is prioritised with a beautifully finished synthetic suede collar and easily adjustable, soft-edged cuffs • The connecting zip is compatible with all Oxford pants • Oxford CE-EN1621-2:2014 Level 1 back protector available separately • CE-EN1621-1:2012 Level 1 elbow and shoulder protectors included.

HOW TO MEASURE

MEN'S & WOMEN'S SIZES

A male silhouette with four yellow ovals indicating measurement points: A (chest/bust), B (waist), C (hips), and D (inseam). A dashed line extends from point D down to the bottom of the leg.

A female silhouette with four yellow ovals indicating measurement points: A (chest/bust), B (waist), C (hips), and D (inseam). A dashed line extends from point D down to the bottom of the leg.

A - CHEST/BUST

Measure around the fullest part of your chest/bust, keeping the measuring tape horizontal.

B - WAIST

Measure around the narrowest part (typically the small of your back and where your body bends side to side), keeping the tape horizontal.

C - HIPS

Measure around the fullest part of your hips, keeping the tape horizontal.

D - INSEAM

Measure from the top of your inner leg along the inside seam to the bottom of your leg.

Stormex Ultimate All-Weather Bike Protection (with PVC window for a solar panel charger)

OFFERS
PROTECTION
AGAINST

RAIN

SUN

SNOW

DUST

Outdoor Cover

COVERS CAN HELP
REDUCE THEFT

- Externally bonded seams for maximum rain protection
- Ventilated to reduce condensation
- Tough outer protects from weather & knocks
- Adjustable belly strap holds it in place
- **NEW!** UV colourfast solution dyed fibres
- **NEW!** Rubber taping with UV protection
- Heat resistant lining material in case of momentary contact with exhaust
- Wrap around splash protector prevents water from being absorbed up the lining
- Strategically positioned holes facilitate the use of a lock; lock pouch helps to keep your padlock off the ground
- Rear window allows the number to be visible, but a internal 'curtain' enables it to be covered
- Front inner pocket with PVC window to hold a solar panel charger (Oxford Solariser - see page 67)

RIDE

April, 2015

"THE ALL -SINGING, ALL-DANCING Oxford cover is the second most expensive product in the test but the highest scorer... It offers serious protection against the elements."

RAINSEAL ALL WEATHER

"Fully lined 2-piece suit. Totally waterproof. Great price!" **RIDE**

"This is a brilliantly priced jacket, best in test. 9/10." **ADVENTURE BIKE RIDER**

Simple yet carefully designed and beautifully made lightweight weather protection. It has been properly upsized too, so if your riding gear is a LARGE, you'll need LARGE Rainseal outer wear - simple!

- Reflective areas
- Adjustable cuffs & adjustable Velcro waist
- Fully lined
- Water resistant seams

WARMDRY LAYERS

"...the base layer performs excellently in other areas to make it worthy of your consideration. The thick material is luxurious to wear, and it offers ample insulation and the moisture wicking properties are great for a product of this price."

MONTREAL TEXTILE JACKET

"The Oxford Montreal jacket is a waterproof, breathable, HIPORA membrane jacket, with a rain hood that works under a lid or when off the bike to keep your head dry. It's multi-adjustable for a good fit, has vents for summer use and has a removable liner and CE armour in the shoulders and elbow and a non-CE spine pad. It comes in a range of colours, including Desert, Dayglow and Black." **ADVENTURE BIKE RIDER**

AWARDS

A COLLECTION OF AWARD-WINNING MOTORCYCLE PRODUCTS

ACCESSORIES / CLOTHING / COVERS / LUGGAGE / LOCKS

AQUA T50 LUGGAGE

"The middle sized of Oxford's Aqua packs is great value and arguably the most practical. It has enough capacity to be useful for a weekend away but not so big as to take over the back of the bike. Completely waterproof, it sits tight on its strapping system, which is quick and easy to use. It's a no-nonsense solution low on any extra features, but it doesn't pretend to be otherwise. The size of the additional Velcro strap makes mounting it on the rack tricky, but the Velcro's a safety device – the strapping power comes from the straps. Like other softer bags on test it can be a minor fiddle to try to load up lots of small items with the bag on the bike. It's easier to load the bag up indoors and then attach it to the bike." **RIDE**

AQUA B25 BACKPACK

"It doesn't state exactly how much capacity the excellent Aqua B25 has, though we'd guess it's 25-litres from its full name! It uses a roll-top opening system, and has a waterproof front pocket. The rear is padded and breathable, while all straps and so on are adjustable. Good quality at a decent price, as ever, from Oxford." **FAST BIKES**

LIFETIME P60R PANNIERS

"The most expensive set of panniers on test, but also the most well-specified. And the largest; despite a claimed capacity of 60 litres- less than several others here- the P60R is the only set that swallowed everything in our packing test. These huge Panniers are easy to fit. Just always use the supplied waterproof liner bags when packing to keep gear dry." **RIDE**

A COLLECTION OF AWARD-WINNING MOTORCYCLE PRODUCTS

ACCESSORIES / CLOTHING / COVERS / LUGGAGE / LOCKS

AQUATEX

"Stocked widely by motorcycle dealers all across the country, this is a lightweight, low-priced and highly effective cover that's easy-to put on and take off. It proved to be completely waterproof and heat resistant in our test, with the only reservation being some moisture forming on the inside of the cover, making it cling to the bike when wet. The Aquatex probably won't last a lifetime, but it's convenient to use, will protect your bike and is well priced - hence it being awarded our best buy triangle." **RIDE**

RAINEX

"Oxford's mid-priced offering, with more weight, substance and features than the Aquatex. There's a soft heat-resistant liner, taped seams, and a front window to house a solar battery charger. The fabric proved completely waterproof, but failed the highest heat-resistance test - the iron melting completely through at 200°C. Similar in use and performance to the GT Moto cover, but the Oxford did better in the abrasion test making it our pick of the two." **RIDE**

STORMEX

"The all-singing, all-dancing Oxford cover is the second most expensive product in the test, but the highest scorer. It has the same features as the Oxford Rainex, but with higher quality materials, a rear visibility panel for the number plate, and pockets to keep the lock and chain off the ground. While the Stormex is a little cumbersome to get on and into place, at least at first - which hits its 'ease of use' score - it offers serious protection against the elements. The material proved water, abrasion and heat resistant, and should last a good few years." **RIDE**

HOT HANDS

These overgrips have been engineered to keep your hands warm in cold weather and can be used over handlebar grips that are fitted to 22mm (7/8") handlebars.

- Easy to fit
- Safe to use
- Very low battery drain
- Quick-fit and removal
- Rain proof switch

PREMIUM Paddock STANDS

Their rigid construction makes these stands suitable for the widest possible range of applications - don't compromise your bike.

- Heavy duty steel clamps for maximum rigidity
- Ultra strong frame with a compact construction with 38mm Ø tubular steel frame for ultimate stiffness
- Clean grips included
- High quality double wheels for smooth lift and maximum stability under load
- Front and rear stands available

BIG BLACK Paddock STANDS

- Fully adjustable padded swing arm rests
- Robust construction using 32mm/35mm Ø steel tube
- High quality double wheels for smooth lift and maximum stability under load
- Ultra strong frame
- Front and rear stands available
- Ultra strong frame
- Front and rear stands available
